

**Patient requires a radiology procedure**

All radiology exams can be found on ICE under the "GP Radiology" tab

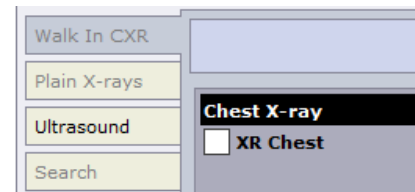

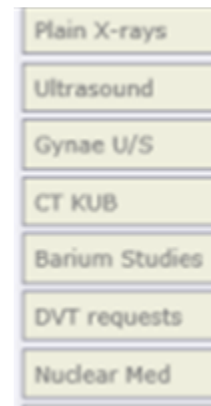

For a chest x-ray referral we have a walk-in service based at the Royal South Hants Hospital.

This service is available between 9am and 4pm, Monday to Friday (excluding bank holidays).

Please note that this service is not available for paediatric patients.

All other exam types require an appointment to be organised through the department to which the request has been made.

Below are the available departments for direct referral:

These lines are **not** open at weekends or on bank holidays.

Transport must be arranged by the surgery after the patient has booked their appointment.

For plain x-ray appointments please ring the radiology department on 023 8120 4015 **48 hours** after the referral has been sent.

For paediatric radiology appointments please call 023 8120 4191 **48 hours** after the referral has been sent.
